No Octane At 4th On Labor Day

No Octane At BFW On Labor Day

## Octane Strength

This is a 30 min. High Intensity Interval Training (HIIT) Full Body workout session coached by a Certified Personal Trainer.

Your trainer will coach you through a 10 minute warm-up/prep then take you through a Tabata styled workout using stations with Kettle bells, Vintage or Vpr weights, TRX elevation and battle ropes. This high calorie burning strength workout will shape and define your muscles, burn loads of fat & calories and boost your metabolic rate for hours afterward creating a significant AFTERBURN!!! Push your fitness and strength to the next level with this fun, intense Group Training session!

## Octane Cardio & Core

This is a 45 min. High Intensity Interval Training (HIIT) cardiovascular sweat session coached by a Certified Personal Trainer.

You will be coached through 5-6 working stations using Tabata Style timing using body weight exercises, Med balls, agility ladder & battle ropes to elevate your heart rate, increase your aerobic capacity and endurance. You will also specifically target your core muscles to shape, define and lean out your mid-section. This cardio and core session will burn loads of calories & fat while giving you the fastest possible results in your goals to get leaner, boost metabolism, flatten your stomach and GET FIT!!

## Boxing Fitness

Boxing Fitness is a high-intensity, group training session that combines cardio, strength and toning into a one-hour, full-body workout. These classes are focused on pure fitness training, with no martial arts training involved.
